SONDOLO IT (PTY) LTD

Reg No 2005/000500/07 Vat No 4370217186

20th July 2011

To whom it may concern;

Fibre Based Integrations cc have undertaken numerous projects with SondoloIT in the design, supply, support and installation of fibre optic data networks and links.

Notably they played a large role in a project to deploy 1,200 CCTV Cameras along 47Kms of high security fence line at 43 facilities nationally.

Their responsibilities extended to the supply, installation and commissioning, of the fibre optic backbone to the perimeter of each of the facilities in addition to the installation and commissioning of the CCTV cameras and associated Digital Video Recorders and control systems.

Most recently Fibre Based Integrations cc have been supporting SondoloIT on their contract with the Department of Justice supplying and supporting the Digital Acoustics, IP Intercom specified for each of 127 facilities in the amount of approximately 2,000 Vandal Resistant Door Stations and the Intercom Management Software for all the sites.

SondoloIT have always found Fibre Based Integrations cc to be professional, knowledgeable and willing to go the extra mile to deliver on their commitments.

Yours sincerely,

Rod Clifford
